MESSAGE

I am glad to know that the Central Vigilance Commission is observing Vigilance Awareness week from 3 - 7 November, 2009.

Over the years, the Commission has made valuable contributions in awakening the consciousness of the people against corruption and also taking measures for its prevention and eradication. Corruption is the very anti-thesis of good governance and its eradication is one of our major challenges. As an institution, the Central Vigilance Commission stands out as an assurance to our citizens that those in authority are not above the rule of law and are accountable.

I wish the Central Vigilance Commission all success in its endeavours for making our administration free from corruption and malpractices.
